SILICON ACHIEVERS' CLUB

Silicon University, Odisha

ACHIEVEX

Five-Week Academic Championship

INTRODUCTION

ACHIEVEX is a five-week academic championship organised by Silicon Achievers' Club, bringing learning and healthy competition together. Through weekly assessments, participants can test their knowledge, challenge their abilities, track their progress, and improve their performance with every round. More than a competition, it encourages students to step out of their comfort zones, learn through experience, and recognise their potential.

PURPOSE

1. **Challenge Yourself:** Test your knowledge beyond the classroom and identify areas of improvement.
2. **Build Confidence:** Build exam confidence, improve time management, and approach assessments with greater confidence.
3. **Prepare for the Future:** Strengthen your fundamentals and problem-solving skills for competitive examinations, placement tests, and other academic and professional challenges.
4. **Compete and Grow:** Learn from each round and strive to improve through healthy competition.
5. **Earn Recognition:** Track your progress and earn recognition for your consistency and achievements.

CATEGORIES AND SUBJECTS

ACHIEVEX is divided into two categories based on academic year, each covering subjects suited to the participants' academic background.

1. Junior Category | *For First Year Students*

Aptitude	Quantitative aptitude and logical reasoning to develop numerical ability and problem-solving skills.
BEE / BE (Basic Electrical Engineering / Basic Electronics)	Fundamental concepts of electrical engineering or basic electronics, depending on the academic cycle.
English	Grammar, vocabulary, reading comprehension, and effective language usage.
C Programming and Debugging	Basic C programming, output prediction, error identification, and simple program logic.
Basic Mathematics	Quantitative mathematics and selected concepts from Mathematics-I.

2. Senior Category | *For Second , Third and Fourth Year Students*

Participants must choose and follow either the Core or the CS track.

A. Core Track

- **Aptitude** - Practical problem-solving covering English, quantitative, and logical reasoning.
- **C & Python** - Core programming fundamentals and logic development.
- **Electronics Basics** - Core concepts spanning Basic Electronics and AEC.
- **Signals & Systems** - Essential properties of signals and system behavior.
- **Circuit Theory** - Fundamentals of electrical components and circuit analysis.

B. Computer Science Track

- **Aptitude** – Practical problem-solving covering English, quantitative, and logical reasoning.
- **C Programming** – Fundamentals, code logic, and execution.
- **SQL & OS** – Essential database queries and operating system basics.
- **DSA & Python Basics**- Data structures, algorithmic thinking, and Python basics.
- **OOPs in Java**– Java fundamentals and object-oriented programming concepts.

RULES & REGULATIONS

1. **Eligibility & Categories:** Junior Category is for the 1st-year students and Senior Category is for the 2nd, 3rd, and 4th-year students.
2. **Senior Tracks:** Senior participants must choose either the Core or CS track. Switching tracks after registration is not allowed.
3. **5-Week Format:** The event runs for 5 weeks. The competition runs for five weeks. Every Friday, the upcoming assessment subject and scope will be announced for the exam held the following Friday.
4. **Examination Schedule:** Participants must follow the officially announced date, time, duration, venue, and format for each weekly test.
5. **Scoring & Leaderboard:** Each weekly test is out of 100 points (500 total). Cumulative leaderboards will be updated weekly alongside answer keys.
6. **Recovery Mechanism:** A defined recovery rule (such as dropping the lowest score, a make-up paper, or a bonus challenge) will be available to help students bounce back from missed or low scores.
7. **Special Recognition:** Weekly highlights will showcase Weekly Top Performers, the Biggest Climber, and participants with a Perfect Five attendance record.
8. **Prizes & Awards:** The total prize pool of ₹**7,000,** along with Merit Certificates and trophies, will be divided equally between the Junior and Senior category Champions. Participation Certificates will be provided to all participants.
9. **Tie-Breaking:** Final ranks are based on total cumulative scores. Any ties will be resolved using pre-announced committee criteria.
10. **Fair Play:** Malpractice, cheating, or unauthorized help will result in immediate disqualification.
11. **Registration Fee:** The registration fee is ₹**100** which will be charged through the ERP. The fee is non-refundable and non-transferable.
12. **Official Communication:** Students must regularly monitor official channels for weekly updates, schedules, and leaderboard releases.
13. **Organising Committee:** All evaluation and operational decisions made by the Silicon Achievers' Club committee are final.
